ANTI-MICROBIAL LINENLESS BANQUET TABLE RANGE

LEADING THROUGH INNOVATION

In response to global concerns over the transmission of potentially dangerous microbes, Ramler has introduced a purpose built range of enhanced banquet tables.

These Linenless Tables feature –

ANTI-MICROBIAL Laminate by Wilsonart

- Microbe resistant surface
- Exceeds latest hygiene standards
- Extensive color range
- Simple and safe to wipe clean and sanitize

TOP EDGE 100% perimeter seal

- Chemically bonded complete polyurethane edge
- Durable and hard wearing protection
- Contemporary linenless appearance

PLUS our ProtecTABLE range is an easy to clean linenless solution, with no associated laundry or set up costs.

STANDARD PLASTIC T-MOLD EDGE: GAP ALLOWS CONTAMINANTS

'TOP-EDGE' WITH PERMANENTLY BONDED SEALED EDGING

NO GAPS ALLOWS ZERO CONTAMINANTS

WILSONART LAMINATE WITH ANTI-MICROBIAL PROTECTION*
